**Subject:** RE: CFAC follow up discussion

Erin:

Sounds good. Mike and I agreed that this seemed to be the biggest difference of opinions between CFAC and the Agencies from the Jan 16-17 meetings. Hopefully both sides can work this out.

Gunnar

Gunnar,

FYI, I am planning to attend this call today for CFAC to stay in the loop and contribute as needed. Let me know if you have any concerns with this.

Thank you,  
Erin

**Subject:** FW: CFAC follow up discussion

Hi Erin,

Would you like to participate in this call tomorrow? It is just to follow up on some issues brought up during our last call to discuss BERA WP comments.

See email below.

Let me know if you'd like to be on the call and I will forward the call in information. I can catch up with you afterward if you are unable to make it.

Brian

**Subject:** RE: CFAC follow up discussion

No problem.

How about tomorrow at 1:00 PM Mountain Time? Sherry Skipper will be on the phone as well.

I'll send you a calendar invite with a call in number.

Brian

Hi Brian,

I apologize for the delay in responding. I am available Tuesday through Thursday this week to discuss. Please let me know if there is a good time to talk through the issues with you on any of these days.

I look forward to talking with you.

Regards,  
Gary

**Subject:** CFAC follow up discussion

Hi Gary,

I just wanted to reach out to you for follow up on a couple of points brought up on the CFAC call last week.

My outstanding issues for discussion include:

1. The back calculation approach for LOAEL, NOAEL with regard to assessing risk in a “point-by-point” manner.
2. Geometric mean for calculating NOECs.

Let me know when you’d like to discuss.

Thanks.

Brian
